NOTES

The Active Lives Children and Young People Survey is an online survey carried out by Ipsos MORI. Each term, a number of schools are randomly selected to take part in the survey, with the aim of getting 100,000 children and young people in Years 1 to 11 to complete it each academic year. The survey runs on an annual basis. More information on the survey can be found on the Sport England website.

SURVEY TIMINGS

Fieldwork for the survey took place between 4th September 2017 and 21st December 2018.

SAMPLE

xxx pupils from **xxx** classes completed the survey:

- **Xxx** pupils from **Year x**
- **Xxx** pupils from **Year y**
- **Xxx** pupils from **Year z**

NATIONAL REPORT

The national report by Sport England will be published on 6th December 2018 and will be accessible via the Sport England website. That report will include data from the 2017/2018 academic year.

LIMITATIONS OF THE DATA

Due to the small numbers of pupils from [NAME OF SCHOOL] that have participated in the survey, it is not possible to make reliable comparisons between your school results and the national level data.

Any differences between groups may be down to the small sample sizes and may not be real differences.

NO DATA AVAILABLE FOR THIS METRIC

You may see this message in place of a chart or statistic. This is shown when there were fewer than 30 pupils or parents answering the question overall for the breakdown presented (e.g. boys and girls).
